

# Quality policy

Bandi is quality certified according to SS-EN ISO 9001:2008, and prevailing industry standards and certifications are the foundation of Bandi's approach and desire to be at the technical forefront.

## QUALITY POLICY

Our already high quality will become even better through continuous improvement. The process of improving will permeate the entire company.

Every employee shall feel appreciated and ensure that work is done with highest precision and standard.

We will do our utmost to live up to or exceed the demands and expectations placed on us by our clients and stakeholders.

Existing industry standards and quality certifications as well as laws and regulations are minimum requirements and the basis for our efforts to be at the techtextile forefront.
